Hearts of Gold

ANNUAL REPORT

Educate, empower, connect.

Together, we are the change.

Cuenca- Ecuador

A LETTER FROM OUR DIRECTOR

Dear Friends,

You amaze me! I would like to express my immense gratitude for your support and solidarity yet another year.

2019 was not without its challenges. Together, we confronted a growing refugee crisis, a staggering economy leading to higher need for food and basic goods, and political unrest which brought Ecuador to its knees for months. Because of you, not only did we make it through, but we delivered aid to those who needed it most.

This year, we welcomed two new organizational partners: Mirame, a women's empowerment initiative, and the Cuenca Soup Kitchen, an effort to provide nutritious meals to Venezuelan refugees and homeless individuals.

You also helped us launch a successful new campaign, All Children Deserve to Dream, which is encouraging children and teenagers to dream big and acknowledge that they are valuable members of society.

Our work to empower local nonprofit leaders continues in the Community Assistance Program (CAP), which has made us a hub for education around social issues and leadership. CAP members have shown significant growth since the program's launch in 2017, but that does not mean our work is done here. We are committed to standing with these leaders and providing impactful learning opportunities for years to come.

Last but not least, I am delighted to share great news about Hearts of Gold's financial stability. In 2019, we altered our fundraising strategy to incorporate the talents of our dedicated volunteers and strategically cut costs where we could afford to do so. I would like to send a special thank you to our social committee, headed by Franny Hogg Lochow, our volunteer coordinator, Amy Montiel, and our advisory committee, for their unwavering commitment to build an Ecuador where every individual enjoys a life of dignity, hope and empowerment.

From our hearts to yours.

María José Orellana
Executive Director
